Train right be safe 

Edition One: September 2016

## Who Are We

### Forklift truck training and certification by RTITB registered trainers at your premises

Satcert are RTITB and ITSSAR registered forklift instructors who provide forklift truck, plant equipment, chainsaw and material handling training throughout the Staffordshire, Cheshire & Derbyshire, UK.

Satcert is owned and run by Steve Thursfield and is a material handling training organisation utilising over 35 years of on site experience.

Our extensive expertise enables us to provide a high standard of material handling equipment training to all our customers, including forklift driver training, plant equipment, HIAB and access platform training. Whether you're a novice learning for the first time, or experienced but looking for a refresher course

### We have the right training course for you!

We always tailor our material handling courses to each individual company's requirements, and customise courses to suit their employees' levels of experience and ability. Our training courses cover all aspects of material handling equipment including all attachments and our instructors are fully qualified to RTITB standards.

### Wondering if you need training and certification for you or your employees?
